The teacher training experience can be a time of deep emotional connection for some people. Though this process is healing, it can also be stressful. If you have any history of mental illness i.e. depression, anxiety, schizophrenia, bipolar disorder, post traumatic stress disorder or any form of psychosis, it would be very helpful for your teacher to know in order to be sensitive to your needs. If you are taking medications or have been hospitalized for any of these conditions please describe below.

**Please list any prescription medications:**
